To whom it may concern,

EPLAN Software and Services (Pty) Ltd would like to recommend Immaculate Events and Conferences for their excellent organisational skills and professional manner in which they conduct business.

As a German owned company we strive to provide only the best to our customers and with the help from Marieta and the Immaculate Events team they have been able to do just that. We have a very strong relationship with them running for 3 years now.

What makes Immaculate Events our preferred events organising company is their ability to:

- exceed our expectations above all else,
- manage any event flawlessly.

Our customers where only praising the success of the events each time and we can owe the success each time to Immaculate Events and their amazing team. We can not only thank Marieta for her team's amazing work, but also for her personal involvement in each event.

We are looking forward to a long and successful relationship with Marieta and her team.
