RECOMMENDATION LETTER

Dear Madam, dear Sir:

It is my absolute pleasure to recommend Immaculate Events & Conferences for all your events and conferencing needs.

We use Immaculate Events often for Management functions. They never fail to deliver exactly what we desire and more. Last year, 2018, Immaculate Events assisted us with a Memorial Service for eight of our employees who had died in a tragic incident at our Somerset West site.

Immaculate Events prepared for 10 000 people to attend, as we invited the media and members of the public, along with employees and VIP's (Government Officials, Navy and Army delegates) to mourn with the 8 families and RDM. It was a beautiful and heartfelt service attended by over 6000 people. We requested Immaculate's services only 4 days prior to the event and it was a huge success, with compliments from Management and guests. With little input from our side, Immaculate Events created a scenic atmosphere, with giant flower arrangements, screens and music to give the eight dedicated employees a dignified memorial service.

The second event for the year was the RDM Family Day/10 Year Anniversary-event, which we planned to have in September, but had to postpone due to the unfortunate tragedy mentioned above. This event was postponed and on-hold for a long a period without certainty, due to the sensitivity of the aforementioned incident, however, Immaculate Events was patient and understanding during this difficult time.

Due to the event taking place in November, it also served as the company's Year-End function. Together with Immaculate Events, we planned the event since February 2018 for approximately 5000 people and yet again, Immaculate Events exceeded our expectations. They came up with the concept for the event and advised on activities and appropriate catering, within our budget. The event had a festival feel with wooden benches, a live DJ, fun rides and activities for all ages. Employees attended with their families and we have only received positive feedback, marking it as the best year-end function to date.

Without a doubt, I confidently recommend Immaculate Events. I thoroughly enjoyed my time working with Marieta, Janine and Tarryn. These women are dependable and incredibly hard working. Marieta's knowledge and expertise in events coordination was a huge advantage, as we are not used to hosting such large functions, such as the Memorial Service and Family Day.

A special thank you to Marieta and the Immaculate Events Team for the amazing work that they have done with little time and under immense pressure due to unreal deadlines. Your services are appreciated and we are forever grateful.

Yours sincerely,

Duduzile Letseli

General Manager: Human Resources
